(specifically include facts constituting cause for arrest)							
Probable Cause	The defendant, Dieter Claus Bucher , committed the offenses listed in Charge #1, to wit: Between February 12, 2019 and March 1, 2019, your Affiant discovered that a computer using IP address 98.174.42.124 to access the Internet was offering to share files of known or suspected child pornography. The registered user of IP address 98.174.42.124 was identified as being the organization, Children in Crisis. The address associated with IP address 98.174.42.124 was identified as 990 Lukes Way in Fort Walton Beach, Florida. Dieter Bucher was identified as residing at that address. On March 7, 2019, a search warrant was served at 990 Lukes Way. During a post Miranda interview, Bucher admitted that he had viewed child pornography files on his personal laptop computer and phone. Bucher also acknowledged that it was possible that both of his devices would still contain child pornography files. Bucher acknowledged that his personal computer was a HP laptop computer that was located in his bedroom. During the search warrant, Agents located a HP laptop computer and Toshiba external drive in Bucher's bedroom. During a forensic preview of Bucher's computer one child pornography file was located in the video's folder. The following is a description of the child pornography file that was located: 1). Filename: lyla 7yo (2017_06_10 04_34_01 utc).avi Description: This is a video file approximately 24 minute and 52 seconds in length. The video first depicts an Asian female child, between the ages of 8 and 10, with her breasts and vaginal area exposed, masturbating an adult male. The adult male then has sexual intercourse with the child. The video then depicted the child bathing nude in a bath tub. The child was clearly and obviously under the age of 18 based on her child-sized legs, torso and her lack of breast development and her small size and stature.							

During a forensic preview of the Toshiba external drive, child pornography files were also located. The following is a description of the child pornography files that were located:

The child then gets completely nude and urinates on the adult's penis. The adult male then masturbates himself until he ejaculates.
